Laser Patient ID Wristbands

High-Quality, Cost-Effective Drop-In Replacements

These affordable patient ID sheets combine wristbands and labels on a single layout for convenient, one-step laser printing. Designed to support your hospital's cost-saving initiatives, they serve as a seamless, drop-in replacement format that integrates into your existing patient ID workflows without disruption.

- **Seamless EHR Integration** Works effortlessly with standard laser printers and leading EHR systems to ensure continuous, worry-free workflows.
- **Ultra-Soft Durability** Premium, gentle materials feature a clear laminate overlay to protect printed text and barcodes from fading, smudging, and moisture.
- **Streamline Admissions** Simplifies the patient intake process by housing both wristbands and labels on a single, easy-to-use sheet.
- **Clinical Workflow Flexibility** Available in a wide array of band sizes and layouts to fit the specific operational needs of your unique care environments.
