

DuraSoft®

Laser Patient ID Wristbands

Goodbye Shield. Hello Simplicity.

Protect patient data and barcodes without the cumbersome laminate overlay. DuraSoft® laser wristbands provide a fast, one-step application that streamlines workflows, allowing nurses to spend more time on patient care. Designed as an economical, direct drop-in replacement format, they seamlessly integrate into your existing laser printers for quick, facility-wide adoption.

- **Ultra-Soft Construction** Features a patented design that is gentle on patient skin.
- **Advanced Material** Withstands fading, moisture, alcohol, and hand sanitizer to ensure reliable barcode scanning at the bedside.
- **Streamline Admissions** Simplifies the patient intake process by housing both wristbands and labels on a single, easy-to-use sheet.
- **Direct Drop-In Replacement** Fits seamlessly into your existing workflows as a direct replacement for over 40 standard laser band styles.
- **Latex- and Phthalate-Free** Constructed safely without harmful materials to ensure optimal patient protection and safety.
