

ENTRUST

Entrust CD800 Direct-to-Card ID Printer

HIGHLIGHTS

The best value in enterprise-class desktop card printing

The Entrust CD800 Direct-to-Card ID Printer efficiently produces great-looking ID cards in less time than any comparable desktop printer. It's engineered and built to handle the higher volumes and requirements of state and local government, corporate, commercial, and educational card issuance. When your application demands speed, performance, and reliability in a compact and efficient unit, the CD800 card printer is the ideal choice.

KEY FEATURES AND BENEFITS

A card production powerhouse fueled by innovation

Industry-leading print speeds.

The CD800 card printer dramatically improves your card issuance throughput with printing speeds that rival the fastest card printers in its class.

Industry-leading image quality.

Reproduce intricate graphics such as state seals and school emblems with the CD800's enhanced print modes. Resolutions up to 300 x 1200 dpi – an industry first – mean that fine text, 2D bar codes, and complex two-byte character sets print sharp and bleed-free. Exclusive TrueMatch™ printing technology delivers vibrant colors that more closely match the colors on your screen.

Reliable operation. The CD800 printer withstands the daily demands of enterprise-level card issuance. Industry-exclusive TruePick™ card handling virtually eliminates jams by accurately picking cards, standard or thin, with no adjustments.

Best value today and tomorrow.

Rest assured that the CD800 printer investment you make now will continue to pay off in the future. Modular design lets you field upgrade your CD800 printers with different encoders, an inline lamination module option, and features as your card issuance needs change.

Entrust CD800 Direct-to-Card ID Printer

A CLOSER LOOK

Make the CD800 part of your total card issuance solution

A long pedigree of experience and innovation guided the development of the CD800 printer. We have more than 45 years of experience building card issuance systems, including more than 200,000 desktop systems. More than 400 government programs in 100 countries trust Entrust for their card issuance, so we know the demands of your enterprise environment. Higher volumes. Extended production runs. Complex applications. More on-card technology. Greater security. All of these things factored into the design of the CD800. You not only get a desktop card printer that's compact and easy to use, you get an enterprise-class machine that's ready to take on your application.

Fits where most card printers don't

- **State and local government:** Entrust printers are the choice for hundreds of state and local government card issuance programs. The CD800 printer's compact size and simple operation make it a great choice for a wide range of government applications, from transit passes to photo IDs for assistance program recipients.
- **Corporate:** Secure identification is the front-line defense for protecting people and assets. The CD800 printer can produce a wide variety of employee, contractor, and visitor badges, time and attendance cards, and access control cards to secure facilities and parking.

- **Education:** Keep student registration lines moving with the reliable, high-speed CD800 printer. Use it anywhere for on-the-spot issuance of multi-purpose campus cards, staff and student photo IDs, and access cards for libraries, residence halls, and food services.

Works on your network

Your IT department will have an easy time adding the CD800 to your organization's network. It meets IT expectations for networked devices with standards-compliant Ethernet and USB connectivity. An internal print server eliminates the need for an external network box. IT administrators can keep your CD800 up and running from anywhere using remote management and diagnostics. There's also a rich set of software tools for easily integrating the CD800 into sophisticated, custom card issuance applications.

Enterprise doesn't mean complicated

The CD800 printer maximizes your team's productivity by minimizing the time they need to learn and operate it. Printer controls and both the input and output card hoppers are conveniently up front for easy access. The reloadable supply cartridges simply load into the printer and laminator. Operation is a breeze. Intuitive icons and messages on the soft-touch LCD control panel guide you through printer operation, so you're never left wondering what to do next.

Entrust CD800 Direct-to-Card ID Printer

One great printer, dozens of innovations

Years of development and numerous customer input sessions have gone into the creation of the CD800 printer. It's packed with industry-leading innovations and features, such as:

- Automatic 100-card input hopper with exception card slot, optional 200-input hopper
- 25-card output hopper standard with optional 100-card output hopper
- Optional six-compartment multi-hopper, 600-card total capacity
- Optional laminator with unique card debower, tactile impression feature
- Optional, field-upgradable smart card and magnetic stripe encoding modules
- Two-sided or one-sided card printer models (factory option or field upgradable)

- Color and UV, or monochrome printing in the same unit
- Reloadable supply cartridges with drop-in cleaning roller
- Intuitive LCD panel with soft-touch controls and soft-power switch
- Ethernet and USB connectivity standard on all CD800 printer models
- Advanced printer driver; support for third-party application development

The CD800 printer is an ideal choice for applications such as:

- Employee, contractor, and visitor IDs
- Student and faculty ID cards
- Government photo IDs
- Casino frequent player cards
- Photo IDs for government assistance programs

STANDARD FEATURES AND SPECIFICATIONS

Print technology	Direct-to-card dye-sublimation/resin thermal transfer
Print capabilities	One-sided (simplex) or optional two-sided (duplex) edge-to-edge printing Full-color and UV, or monochrome printing capability in the same printer Alphanumeric text, logos, and digitized signatures; 1D/2D bar code images Printer pooling/sharing
Print resolution	Standard mode: 300 x 300 dots per inch; standard text, bar code, and graphics printing High-quality mode: 300 x 600 dots per inch; enhanced text, bar code, and graphics printing 300 x 1200 dots per inch; enhanced text and bar code printing 256 shades per color panel
Print speed	Full-color printing: Up to 220 cards per hour printing cards on one side (YMCKT*) Up to 165 cards per hour printing cards on two sides (YMCKT-KT*) Monochrome printing: Up to 1,000 cards per hour printing cards on one side (Black HQ*)
Card capacity	Automatic feed: 100-card input for 0.030 in. (0.76 mm) cards; 25-card output standard Front exception card slot Separate reject location and holding tray (10-card capacity) Input hopper empty detection
Physical dimensions	One-sided printing: L 17.4 in. x W 8.8 in. x H 8.8 in. (44.2 cm x 22.4 cm x 22.4 cm) Two-sided printing: L 21.2 in. x W 8.8 in. x H 8.8 in. (53.8 cm x 22.4 cm x 22.4 cm) Six-compartment multi-hopper: L 27.5 in x W 16.5 in. x H 14.5 in. (69.9 cm x 41.9 cm x 36.8 cm)
Weight	One-sided printing: 9.0 lbs (4.1 kg) (depending on options) Two-sided printing: 12.0 lbs (5.4 kg) (depending on options) Six-compartment multi-hopper: 33.0 lbs (15.0 kg)
Connectivity	Bidirectional USB 2.0 high speed; Ethernet 10 Base-T/100-Base-TX (with activity light)
Warranties	36-month standard depot warranty; 36-month printhead warranty (no pass restrictions)

PRINTER OPTIONS

Magnetic stripe encoding	Field upgradable ISO 7811 three-track option (high- and low-coercivity) JIS Type II single-track option Support for standard and custom data formats
Hopper	200-card input hopper
Multi-Hopper	Six-compartment multi-hopper; Six 100-card hoppers, 600-card total capacity
Laminator	Single- or dual-sided lamination
Print, lamination and tactile impression speed	Up to 210 cards per hour front side YMCK ribbon with front-side lamination Up to 145 cards per hour front side YMCK-K ribbon, back side K with front-side lamination Up to 210 cards per hour (one-side print and lamination with Tactile) YMCK Up to 155 cards per hour (two-sided printer and lamination with Tactile) YMCK-K
Smart card personalization	Factory options: Single-wire contact/contactless all-in-one encoder (read/write) for MIFARE, ISO7816, ISO14443 A/B, ISO FeliCa. DESFire DUALi Single Wire Contact/Contactless Encoder, ISO 7816, ISO 14443, MIFARE, DESFire, & FeliCa Two-wire contact/contactless all-in-one encoder (read/write) for MIFARE/DESFire, ISO7816, ISO14443, A/B Field upgradable options: Single-wire contact/contactless all-in-one encoder (read/write) for MIFARE, ISO7816, ISO14443 A/B, ISO FeliCa. DESFire Two-wire contact/contactless all-in-one encoder (read/write) for MIFARE/DESFire, ISO7816, ISO14443, A/B iCLASS [®] by HID, read/write encoder or read-only PC Prox by HID, read-only Third-party OEM smart card option-ready (for contactless readers only – encoder not included) DUALi Single Wire Contact/Contactless Encoder, ISO 7816, ISO 14443, MIFARE, DESFire, & FeliCa Supports the personalization of EMV level 1 compliant cards
OpenCard	Factory option only; Supports one- and two-sided printing; Full-color and monochrome printing Front exception card slot supported; Supports legacy OpenCard formats; Ethernet or USB
Two-sided printing	Factory option or field upgradable
End-user upgradable options	Extended 100-card output hopper (available for single-hopper); Extended 200-card input hopper and CD800 printer with card lamination module (available for single-hopper); KL-style security lock for printer

*Ribbon type and number of panels: Y=Yellow, M=Magenta, C=Cyan, K=Black, T=Inline Topcoat; HQ=High Quality

Entrust CD800 Direct-to-Card ID Printer

Enhanced printing

The CD800 card printer solves the problem of printing fine text and intricate graphics onto plastic cards. With the 300 x 1200 dpi resolution advantage of the CD800, you can print 6-point text, 2D bar codes, and complex two-byte character sets with the confidence that they will all be sharp, legible, and bleed-free.

Stronger security

With the CD800 card printer with card lamination module, you can add a tactile impression for enhanced security and branding.

Discover how the CD800 fits your card issuance needs

Is the CD800 card printer the right choice for your applications? Find out by talking to your Entrust enterprise solutions provider. They'll help you assess your requirements. Then, they'll show you how the CD800 printer works as part of a total card issuance solution that includes software, capture devices, and Entrust Certified Supplies.

Support and service – anytime, anywhere

Entrust Global Services stands ready to help you get optimum performance from your CD800 printer. This network of authorized service providers in 120 countries offers planning, implementation, and support services when and where you need them. You'll work with skilled professionals backed by over 50 years of Entrust experience.

ABOUT ENTRUST CORPORATION

Entrust keeps the world moving safely by enabling trusted identities, payments, and data protection. Today more than ever, people demand seamless, secure experiences, whether they're crossing borders, making a purchase, accessing e-government services, or logging into corporate networks. Entrust offers an unmatched breadth of digital security and credential issuance solutions at the very heart of all these interactions. With more than 2,500 colleagues, a network of global partners, and customers in over 150 countries, it's no wonder the world's most entrusted organizations trust us.
